

Workshop and Webinar for Water and Waste Educators-

“Building the Case for Sustainability & More!”

Green Business Audit & Training, Australia’s award winning RTO in the delivery of sustainability education, is proud to bring this **1-day workshop and follow-up webinar** to Australia’s Waste and Water Trainers / Educators.

Your presenters **Steve Kostoff**, assisted by **Paul Bana** and **Caz Saunders**, bring their extensive experience in business development, mentoring and education, and their passion for sustainability and the environment to this innovative workshop program. More information about our presenters can be found at www.greenrto.com.au.

This Workshop program moves and supports you through the early understanding and application of sustainability principles, whilst building the business case for sustainability in your organisation/ industry, and identifying solutions for the likely challenges ahead in delivering education in the waste and water sector.

Our dynamic and action-oriented 1-day workshop to be held this time in Melbourne will:

- Help you understand the business case for sustainability and explore the issues, drivers and barriers for your organisation/ industry
- Explore the 7 principles of Education for Sustainability
- Identify how you can promote more effective sustainability education in your organisation and achieve

The follow up webinar, approx two weeks after the workshop, will give participants the opportunity to:

- Present examples of plans and activities you are developing in line with concepts discussed in the workshop
- Revisit and reflect on the issues and barriers to developing the business case for sustainability in your organisation
- Share feedback and ideas together to enhance learning

Participants are welcome to invite up to 2 additional colleagues from their organisation to participate in the **webinar**.

Bonus: Coaching & mentoring support for up to 2 weeks after the workshop via email or Skype.

This workshop will deliver learning content that is linked to the following nationally accredited units of competency: -

- VU20302 Apply basic concepts of sustainability to own, or local, practice
- VU20304 Develop business plan for sustainable business practice
- TAESUS501A Analyse and apply sustainability skills to learning programs

For more information on these units go to www.training.gov.au. GBAT can issue a Certificate of Attendance to participants wishing to formally document their Professional Development.

Registration Form: Building the Case for Sustainability & More! Workshop and Webinar

Location in Melbourne: CERES Community Environment Park, Van Raay Centre - Room 4
Cnr Roberts and Stewart Streets, Brunswick East, Vic 3057

Workshop Date / Time: Thursday 21st August 9am – 4.50 pm

Follow-up Webinar Date / time: To be announced at Workshop
